Dear Supporters,

More than 10,000 children birth is witnessed in the country with thalassemia and other blood disorders and that is increasing every year. Every month by the support of kind people like you and volunteers, we are providing free units of blood to needy ones. Also the year 2017-18 was such a successful and transforming step, around two hundred children were able to attend school under the efforts of project “**Back to School**”. Many relief camps to fight disaster and natural calamities are established like “**Aanchal**” *Token of care*, under this project our aim is to provide blankets to maximum people living in miserable conditions (at redlight areas, slums, even on roads). Warmness of blankets save those unnoticed lives living outside in deadly cold. An initiative towards feeding everyone by the Causeless Happiness team is taken to organize “**Annapurna**”, a food camp, in which distribution of flour and other foods items takes place. Our mission is very clear to keep it simple yet impactful for transforming the lives of individuals, by joining a hand to a fellow kind person whose other hand belongs to other kind fellow person and the chain continues in favor of the development and growth of the country itself.

To all the Causeless happiness family members and to all who are going to join the movement with us to help, care and support our fellow people,

We respect every single effort of yours for the betterment of children and needy ones. We believe unity empowers the nation, and thanks to you for making this vision possible every day every min and every second..

With best regards

Chief Functionery

Mr. Dheeraj Singh Kharayat

Chairman

Mr. Rishabh Singh

## INTRODUCTION

The main objective of the Causeless Happiness Organisation is to facilitate better quality of life in all its realms through community mobilization, participatory governance based on sustainable natural resource management. Thus community participation, education, protection and promotion of environment and social capital are central to the activity of the organisation

## MEDICAL SUPPORT

*Causeless Happiness Organisation interacts with different medical specialty departments of various hospitals on regular basis to track down updates on underprivileged children who needs emergency medical treatment. We also endorse an appeal from patients' families and other families of underprivileged patients and NGO's for Emergency Medical Support.*

*Patients suffering from disease like cancer takes months and even years to recover, during this treatment phase many of them are unable to attend schools. Due to this period of absence from schools and lack of motivation or financial backing, many of them dropout..*

### **FREE AMBULANCE SERVICES**

*We are providing emergency Ambulance Services free of cost to the people of Uttarakhand. These include accident and trauma victims of sexual assault and transportation facilities to pregnant women for delivery and post-delivery.*

*Also, under the "Home to Hospital" scheme, people can avail the free ambulance service under the following situations:*

- 1. Injuries of chest, abdomen, pelvis or spine*
- 2. Head injuries*
- 3. Crush injuries*
- 4. Severe allergy*
- 5. Drowsiness or unconsciousness*
- 6. Breathing Problem*
- 7. Severe chest and abdomen pain*
- 8. Deep cuts and bleeding*
- 9. Any burn caused by electric shock or lighting*
- 10. Any other life threatening or medical emergencies*
- 11. Inter-hospital transfers etc.*

## EDUCATION SUPPORT

*"A single contribution can make the difference"*

*Causeless Happiness Organisation is spreading the wings of education not only to children but for some underprivileged people also who had to drop their studies and do work for the sake of their families' survival.*

*We've reached to 200+ children living in slums through our educational centres. We have taken up the responsibility of providing education to the needy in whichever way we can. Helping the deprived to get the best education possible with mission like "Back to School", "Sakshar Bharat" which includes various skill development programmes like English speaking classes, Computer Education etc. Spreading awareness among the masses regarding the importance of education to children and by motivating these children that education can help them in breaking the chain of illiteracy. By getting involved in our causes, one can also contribute in strengthening our education system and thus helping in nation building by unification among masses and one day make our country proud on an international stage*

We are providing education to rural and slum children which remains the major focus in our projects. We support these kids and their schools by providing what and where they lack, like Computer skills, English speaking skills, Educational books for the library, clothes and uniforms, School bags, Desks and Benches, Kits required for learning/writing and several other items. We derive inspiration and satisfaction from seeing the immense joy and happiness on the faces of the children and gratitude on the faces of the teaching and management staff.

***35 Villages Reached***

***12000 School Kits distributed***

 बेटी बचाओ  
पढ़ा हम देंगे

Performing the normative gender roles defined by the society is one of the key hurdles in women’s education in India. While female feticide and infanticide may have reduced, daughters face discrimination in availing the facilities that facilitate a better life. If they reach school as kids, adolescent females are the first to drop out. According to statistics, around 63.5 percent female students quit school during adolescence. Aim of the organisation under this project is to support rural as well as urban girls’ education. Under project **“Beti Bachao Padha Hum Denge”**, organisation has contributed financial aid for girl’s tuition. This project is born to help educate girls of very poor family, who wants to study not only for their identity but the betterment of society as well.

## EVENTS

### INDEPENDENCE DAY CELEBRATION

Independence Day celebration with rural and urban children, the event included Chocolate Distribution, Drawing Competition, Prize Distribution and Flag distribution followed by sweets distribution.

### BIRTHDAY CELEBRATION

It's the time when the dear members (donors) of the organisation donates their birthday for the children. We celebrate birthdays and with cancer patients and nearly 200+ school kits distributed to the rural children.

### DRAWING COMPETITION

Timely competitions are organised to improve skills of children in art besides theoretical and applied education.

## CAMPAIGNING

### ***“ZINDAGI KA RANG LAL”*** *Blood Donation Camps*

India needs 90 lakhs of blood units every year and only 50 lakhs of blood units available, it's an alarming shortage of 40 lakhs of blood units. The mission of the Causeless Happiness Organisation behind organising Blood Donation Camp is to inspire, encourage and initiate at all times all forms of humanitarian activities so that human suffering can be minimized, we are organizing blood donation camps monthly so people can get relief.

One of Causeless Happiness Organisations' key campaigns is aimed towards providing daily nutritious & hygienic nutritious meals to poor underprivileged children across India. Causeless Happiness Organisation aim for this campaign is "No child should be left hungry in India". In a country where the rich-poor divide is stark and while millions splurge on good food, we find it unacceptable that even bigger millions of children have to go to bed hungry without any means for food or nutrition.

We are passionate in our dedication to the cause of feeding under-privileged children across India. Towards this, we have ensured a high quality food supply chain and an uncontaminated route by which fresh, hot meals are supplied monthly in controlled gatherings.

**“AANCHAL”**  
The Token Of Care

*Poverty is not a fate, it is a condition; it is not a misfortune, it is an injustice*

Causeless happiness organisation focus is these needless-with a large scale civic participation it is not only becoming a big people's movement for progress but is also creating a parallel economy where every work doesn't have to wait for money; huge quantities of old reusable material becomes a valuable resource. We are looking forward to a parallel economy which is not CASH based but that is trash based

Collection Camp is an integral part of our work over the years... It's where we connected with the masses, spread awareness about rural challenges and generate material for development

## ***Project Swacch Bharat***

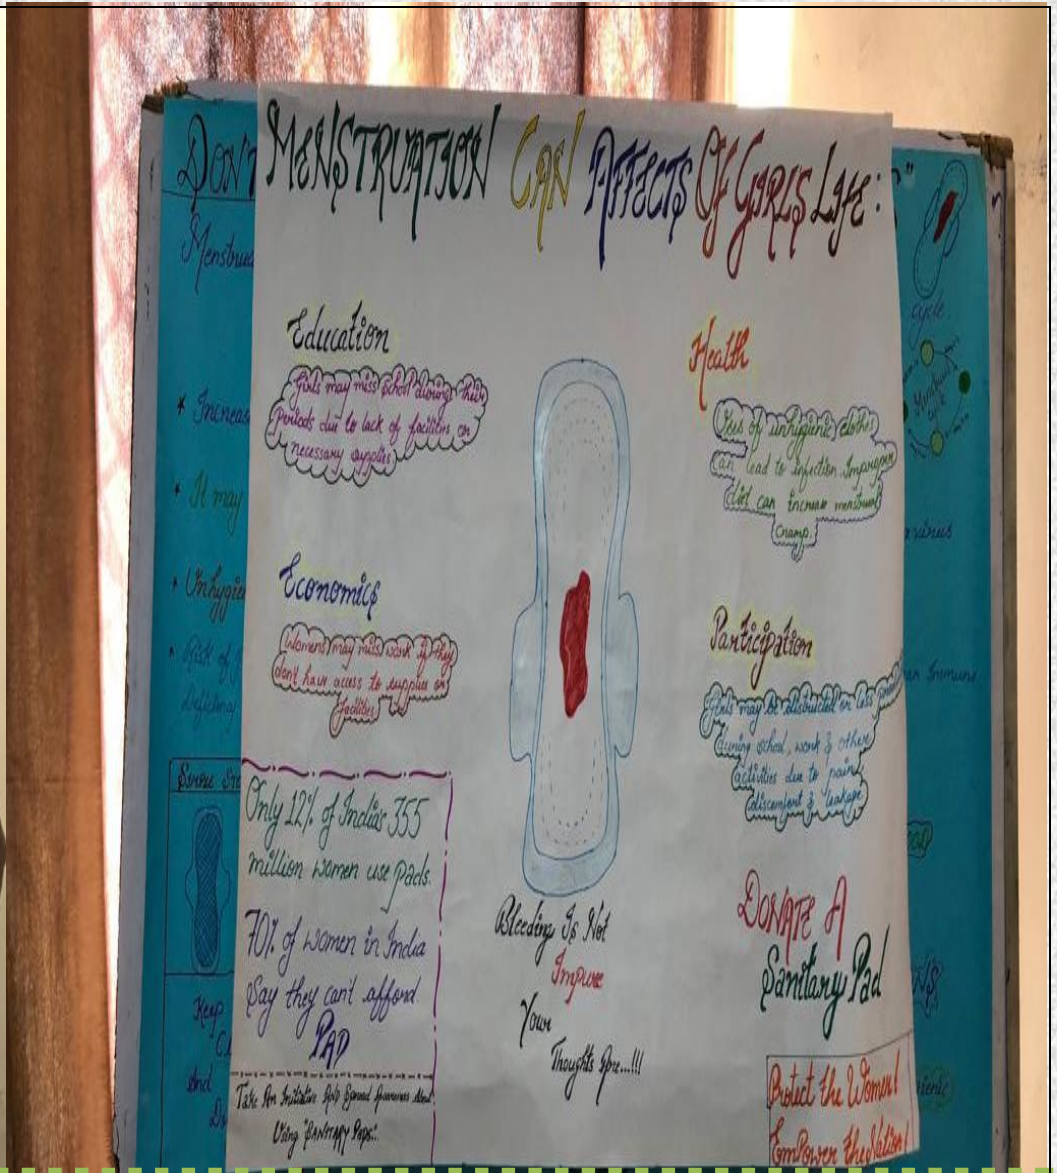

In developing countries like India the worst pollution is accumulating with growing population. Under **Swacch Bharat** project, our main aim is to clean India, meanwhile campaigning for cleanliness, volunteer teams so made, local people were asked for joining the movement starting from own region then to other. Through this project organization placed dustbins in the areas where garbage is thrown out or around the streets.

## **PROJECT RELIEF**

Cities like Uttrakhand, Kerala, Orissa, Maharashtra and Bihar are disaster prone regions. We try our best efforts to provide relief kits to such places effected by natural calamities through our relief campaigns.

**MENSTRUAL HYGIENE**  
**An open talk**

The main objective of these camps is to enlightening and informing the masses of the respective cause and campaign, which includes giving proper knowledge about diseases. These camps are being organised for people living in slum areas, school going girls and women in rural area. The fact behind these camps is to spread consciousness among people so they can use preventive methods to avoid diseases and be safe and healthy.

## **SPORTS**

Organising sports meet, providing training and sports essential to the children. Various sports like Badminton, Hockey, Wheel chair Cricket and Taekwando are promoted by Causeless Happiness Organisation.

# WATER RESOURCE MANAGEMENT

*“Once you carry your own water  
You’ll understand the value of every drop”*

## A TIMELINE FORECAST OF CRISIS IN INDIA

Collection of rainwater for later use and recharged into the ground water again. Rain is primary water source then lakes, ground water and rivers are the secondary water source. It is water harvesting, which means we recognize the rain' value and try to use the rain water, where it falls.
