# A NOTE FROM A FOUNDERS.

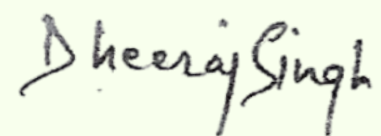

Dear Supporters,

We would like to thank you all for being a part of the Causeless family. It has been nine years since we started working for the poor and needy. It has been a very tough and challenging time for all of us, but we are still confident and ready to serve our responsibility towards those in need.

In these past nine years, we have successfully carried out our social duty and responsibility by working to save the lives of impoverished children and striving to give them a better future.

Since the COVID-19 pandemic began, we at Causeless Happiness Organisation have certainly encountered numerous challenges in our efforts to support the community. However, these difficulties have only strengthened our resolve. We remain fully committed to helping those in need and dedicated to building a better world for individuals who are unable to fully meet their essential requirements.

We extend our sincere gratitude for your continued support in assisting those in need and for the encouragement you provide to our volunteers. Your contributions are invaluable in sustaining our mission.

**Mr. Dheeraj Singh Kharayat**  
(Chief Functionary)

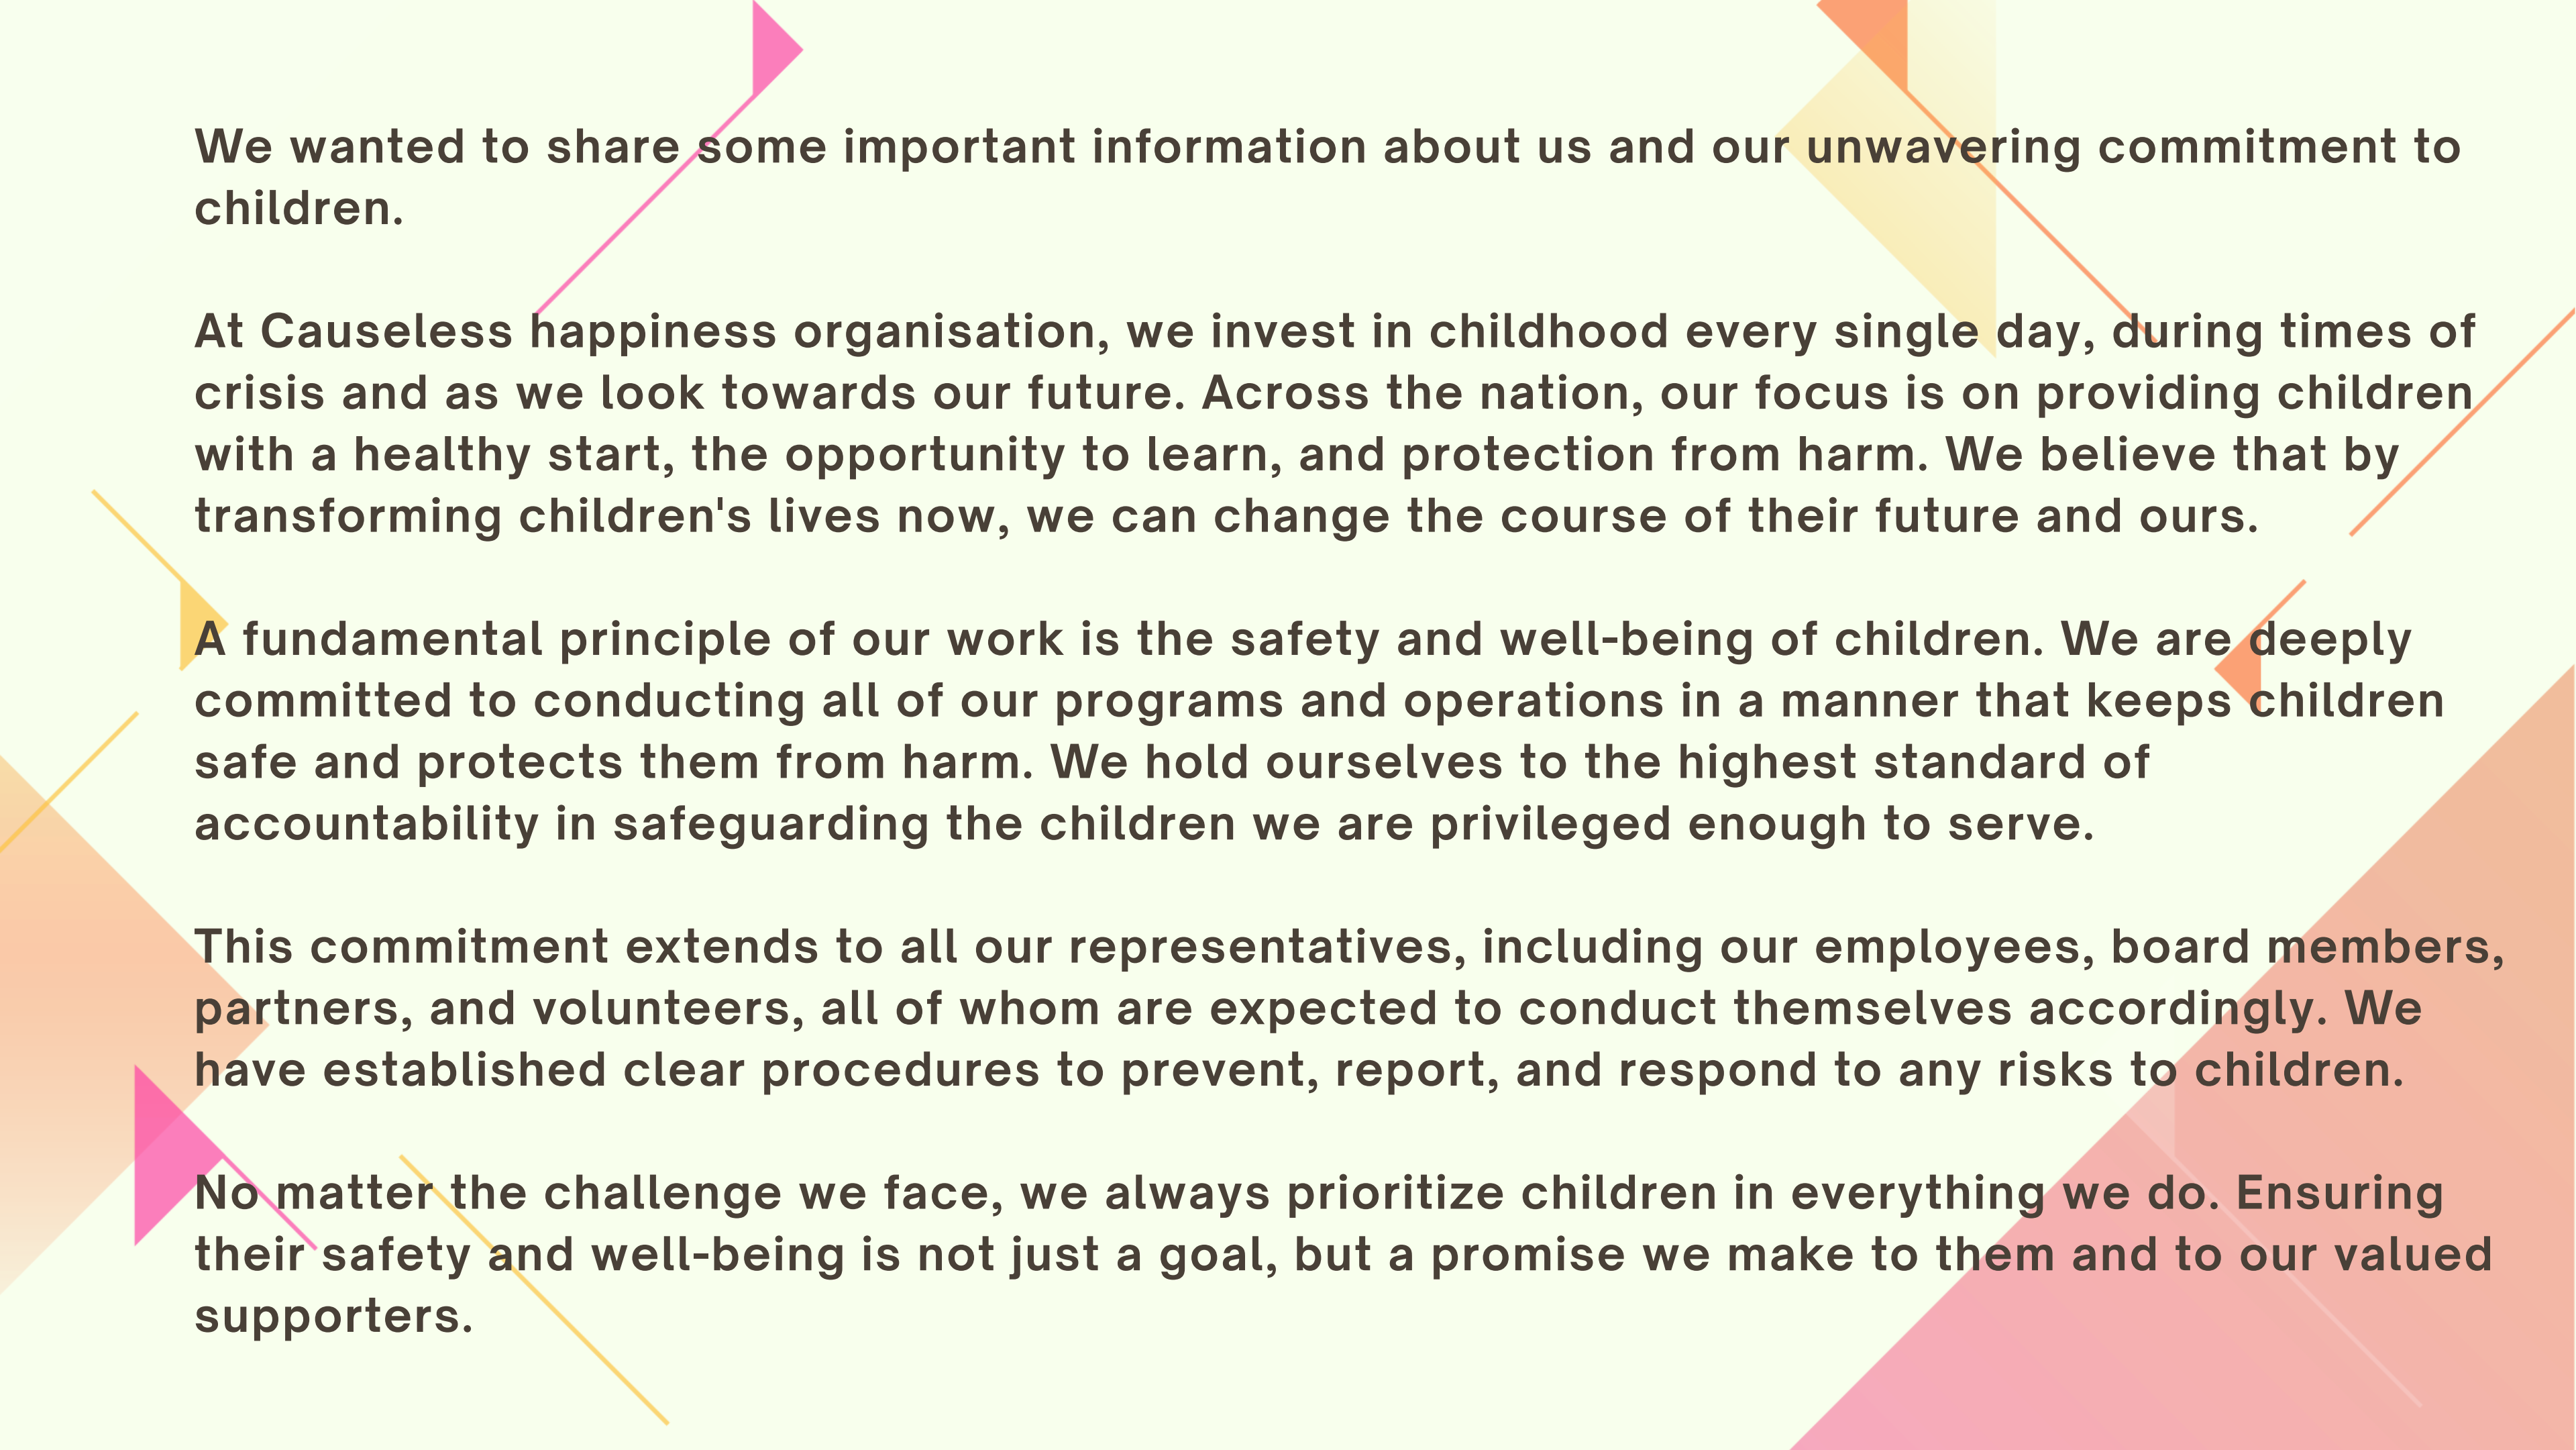

**Mr. Rishabh Singh**  
(Chairman)

WHO WE ARE?

**We wanted to share some important information about us and our unwavering commitment to children.**

**At Causeless happiness organisation, we invest in childhood every single day, during times of crisis and as we look towards our future. Across the nation, our focus is on providing children with a healthy start, the opportunity to learn, and protection from harm. We believe that by transforming children's lives now, we can change the course of their future and ours.**

**A fundamental principle of our work is the safety and well-being of children. We are deeply committed to conducting all of our programs and operations in a manner that keeps children safe and protects them from harm. We hold ourselves to the highest standard of accountability in safeguarding the children we are privileged enough to serve.**

**This commitment extends to all our representatives, including our employees, board members, partners, and volunteers, all of whom are expected to conduct themselves accordingly. We have established clear procedures to prevent, report, and respond to any risks to children.**

**No matter the challenge we face, we always prioritize children in everything we do. Ensuring their safety and well-being is not just a goal, but a promise we make to them and to our valued supporters.**

# OUR WORK

**Causeless Happiness Organisation providing relief and facilitating rehabilitation following disasters and significant hardships. Our organisation is committed to easing the burdens and suffering that arise from various crises, such as riots, fires, floods, earthquakes, hostilities, cyclones, epidemics, and famines, as well as other forms of distress experienced by people across India.**

- To achieve this, we offer financial aid and other vital support to those who have been affected. We are also deeply invested in the well-being of underprivileged children, providing them with access to healthcare, nourishing meals, and educational opportunities. In particular, we ensure that children from slums, impoverished backgrounds, and those living on the streets receive education at no cost.**
- Moreover, we supply financial assistance, food, clothing, medication, and strive to meet other essential needs of individuals and families grappling with the aftermath of calamities. Our support extends to remote villages, where we concentrate on delivering educational and medical resources. We also provide nutritious food, free of charge, to children residing in slums.**
- In addition, we run our own rehabilitation centre, offering free care and assistance to children with mental and physical challenges.**
- We remain steadfast in our efforts to alleviate the suffering of vulnerable populations and to supply them with the necessary resources for their recovery and overall well-being.**

# GOAL 1 - FOOD

## # Tackling Hunger in Our Community

We are reaching out to highlight the crucial need to provide nourishment to individuals facing hunger in our community and beyond. This is an urgent matter that calls for our collective effort and immediate attention. Hunger is not just a distant problem; it affects our neighbors, families, and friends. It is a challenge that requires us to come together and create sustainable solutions.

We would like to explore possible avenues for collaboration and action regarding this vital issue. Here are a few ideas to consider:

- **Hosting Food Drives:** Organizing community food drives can help gather non-perishable items that directly support our local food banks and shelters. These events can also raise awareness and encourage more community members to get involved.
- **Collaborating with Local Food Banks:** By partnering with local food banks, we can streamline the distribution of food resources. This collaboration ensures that food reaches those who need it most efficiently and effectively.

Beyond these efforts, implementing additional initiatives could greatly improve the lives of those experiencing food insecurity. Programs such as community gardens, educational workshops on nutrition and budget-friendly cooking, and volunteer meal preparation events can empower individuals and families. These initiatives not only provide immediate relief but also foster long-term resilience and self-sufficiency in our community. Together, we can make a meaningful difference in the fight against hunger.

# GOAL 2 - HEALTH

## # Our Commitment to Cancer Care

Our dedication centers on offering **\*\*complimentary health check-ups\*\*** for early cancer detection, which enhances treatment outcomes and recovery rates. We also provide **\*\*comprehensive support\*\*** for patients and their families, including:

- Educational resources
- Counseling
- Personalized care plans
- Assistance with financial and insurance challenges

Our goal is to ease the burdens associated with a cancer diagnosis by addressing both **\*\*physical\*\*** and **\*\*emotional\*\*** needs, while fostering a supportive community that empowers individuals to navigate their cancer journey with hope and resilience.

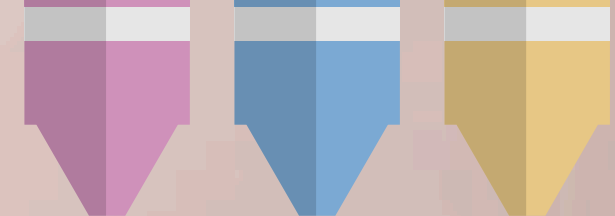

By partnering with leading healthcare professionals and institutions, we ensure our services are rooted in the latest medical research and innovations. We conduct regular workshops and seminars to raise public awareness about cancer prevention and the significance of early detection.

Additionally, our dedicated volunteer network offers companionship and practical assistance, further strengthening the support system for those impacted by cancer.

Through these initiatives, we aim to cultivate an environment of understanding and encouragement, where every patient feels valued and supported throughout their healing journey.

# GOAL 3 - EDUCATION

## **## Our Mission to Empower Children in Slum Areas**

**Our mission is to empower children living in slum areas by providing them with free education, which is a crucial stepping stone towards a brighter and more promising future. This initiative is deeply rooted in our unwavering commitment to breaking the relentless cycle of poverty and creating meaningful opportunities for those who need them the most. By ensuring access to quality education, we strive to equip these young minds with the essential knowledge and skills required to build better lives for themselves and become active, positive contributors to their communities.**

**We firmly uphold the belief that education is not just a privilege but a fundamental right for every child. Our dedication lies in making sure that this right is accessible to all children, regardless of their socio-economic background. Through our efforts, we aim to open doors to new possibilities and foster a generation of empowered individuals who can bring about transformative change in their own lives and their communities.**

## The Significance of Environmental Safety for Future Generations.

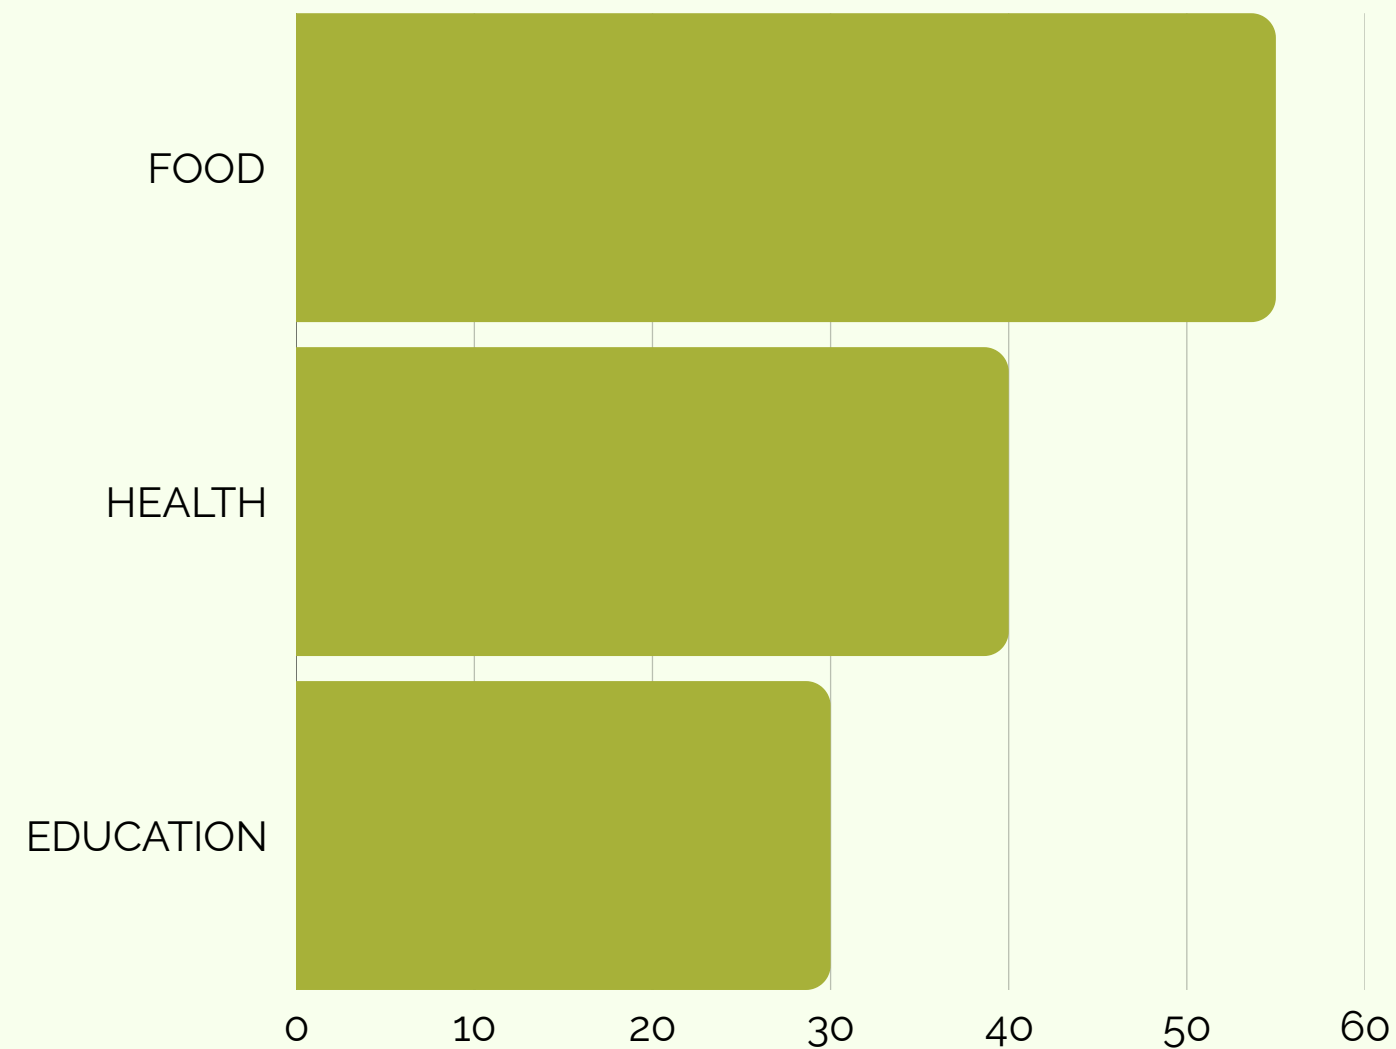

We wish to emphasize the crucial role of environmental safety, underscoring its importance for the well-being of future generations. This responsibility is not just a passing concern but a fundamental duty that will directly shape the world they inherit. Our actions today cast long shadows into the future, making it imperative to prioritize environmental safety in every aspect of our lives.

- **\*\*Protecting natural resources and ecosystems\*\*** is vital for ensuring their health and the sustainability of our planet. Natural resources such as clean air, water, and fertile soil are the very foundation of life. Their preservation is necessary to maintain the delicate balance of our ecosystems. By safeguarding these resources, we not only protect the environment but also guarantee that future generations can access the same life-supporting systems we rely on today.

This proactive approach enables future generations to flourish and enjoy the advantages we currently experience. Our efforts to maintain biodiversity and prevent pollution contribute to a healthier environment where flora and fauna can thrive. In turn, this supports a rich and diverse ecosystem that offers numerous benefits, including food security, climate regulation, and recreational opportunities. By fostering a sustainable environment, we lay the groundwork for future generations to lead fulfilling lives, enriched by the natural beauty and resources of the world around them.

**WE ARE PROFOUNDLY GRATEFUL FOR YOUR CONTINUED COMMITMENT AND INVALUABLE GENEROSITY.**

- We at Causeless Happiness Organisation propose providing free computer classes and certificates to underprivileged children upon successful completion. We believe these certificates will benefit their future education and employment.

- By organizing a free ration distribution to help poor people in our community facing challenges in accessing basic necessities. This initiative aims to provide some support with essential food supplies.
